

MEMBER ORGANISATIONS

The Stockholm Network is Europe's only dedicated service organisation for market-oriented think tanks and thinkers. Spanning almost 40 countries and 120 think tanks, our unique organisation has the capacity to deliver local messages and locally-tailored global messages across the EU and beyond.

Through our publications, weekly newsletter, and special events, members are able to exchange ideas and make an impact on a wide range of public policy topics and ideas.

If you know of a new organisation you think would benefit from Stockholm Network membership, please contact our office at info@stockholm-network.org and let us know.

"Free-marketers preach globalisation and international contacts, but we rarely practice as we should. The Stockholm Network's activities and invaluable networks are changing that, by connecting the forces of European liberalism."
